Area Variance Application Form:

This form is designed to help the applicant gather and communicate the information the ZBA will need to make a decision about the applicant's request for a variance. Applicants should address the factors the ZBA is required to consider.

Information required:

1. The letter of denial by the Code Enforcement Officer or the referral from the Planning Board.
 - a. This information tells the ZBA what was requested, and why it wasn't in compliance with existing Town of Day law.
2. Documentation that the applicant has the legal standing to make the request for a variance. All owners of a property must apply for the variance.
 - a. Generally, this is a copy of the deed, or contract of sale.
3. A survey map drawn by a NYS licensed land surveyor. The map must show the location and precise dimensions of the property, and the location and dimensions of all existing structures, and the proposed structure(s), including the distances of structures from the property lines (the setbacks.)
4. The map must include the area, and the height from grade of the proposed structure. The map will show all significant landscape features. Landscape features include, but are not limited to, wetlands, water courses, wells, septic systems, and right of ways.
 - a. In order to assess the impact of granting an area variance, the ZBA must understand the area affected.

5. A completed Town of Day application form.
 - a. Under “Specific Description of the Requested Variance” applicants should describe the project, and indicate
 - i. the benefits they expect to achieve, and
 - ii. why they judge alternatives, including alternatives not requiring a variance, as not feasible.
 - b. All owners **MUST** sign the application form.

Note that when the applicants sign the application form, they agree to allow individual members of the ZBA to inspect the property on a site visit.

6. A completed applicant’s section (Part 1) of the “Short Environmental Assessment Form.”
 - a. This part of the application is required by New York State Law of all projects, and is known as a “SEQRA” review.
7. Payment of the required application fee.
 - a. Checks made payable to the Town of Day. The fees are \$60 for a commercial application, and \$45 for a residential application.

When the ZBA has accepted the application as complete, the Public Hearing will be scheduled. The applicant is obligated to notify all property owners and governments (i.e. Hudson River Black River Regulating District, Town of Hadley, Town of Edinburg, Saratoga County, etc.) within 500’ of each property boundary. Notification must be by certified mail at least 10 DAYS before the public hearing.

Applicants must fill out the items below.

Part 2 - Impact Assessment. The Lead Agency is responsible for the completion of Part 2. Answer all of the following questions in Part 2 using the information contained in Part 1 and other materials submitted by the project sponsor or otherwise available to the reviewer. When answering the questions the reviewer should be guided by the concept "Have my responses been reasonable considering the scale and context of the proposed action?"

	No, or small impact may occur	Moderate to large impact may occur
1. Will the proposed action create a material conflict with an adopted land use plan or zoning regulations?	<input type="checkbox"/>	<input type="checkbox"/>
2. Will the proposed action result in a change in the use or intensity of use of land?	<input type="checkbox"/>	<input type="checkbox"/>
3. Will the proposed action impair the character or quality of the existing community?	<input type="checkbox"/>	<input type="checkbox"/>
4. Will the proposed action have an impact on the environmental characteristics that caused the establishment of a Critical Environmental Area (CEA)?	<input type="checkbox"/>	<input type="checkbox"/>
5. Will the proposed action result in an adverse change in the existing level of traffic or affect existing infrastructure for mass transit, biking or walkway?	<input type="checkbox"/>	<input type="checkbox"/>
6. Will the proposed action cause an increase in the use of energy and it fails to incorporate reasonably available energy conservation or renewable energy opportunities?	<input type="checkbox"/>	<input type="checkbox"/>

9. Will the proposed action result in an adverse change to natural resources (e.g., wetlands, waterbodies, groundwater, air quality, flora and fauna)?	<input type="checkbox"/>	<input type="checkbox"/>

	No, or small impact may occur	Moderate to large impact may occur
10. Will the proposed action result in an increase in the potential for erosion, flooding or drainage problems?	<input type="checkbox"/>	<input type="checkbox"/>
11. Will the proposed action create a hazard to environmental resources or human health?	<input type="checkbox"/>	<input type="checkbox"/>

Part 3 - Determination of significance. The Lead Agency is responsible for the completion of Part 3. For every question in Part 2 that was answered "moderate to large impact may occur", or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

<input type="checkbox"/>	Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.
<input type="checkbox"/>	Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action will not result in any significant adverse environmental impacts.
