

Greetings,

Every ten years the U.S. Census Bureau is responsible for conducting the nationwide census.

The Census Bureau is currently recruiting between 1500 - 1600 applicants in the Saratoga County to fill important positions and to accomplish our goal we are reaching out to community minded organizations and individuals.

An accurate count is the goal of every census, the 2020 Census included. The results of the census have a real-world impact on all those who live in New York State. An accurate count is crucial in determining the number of seats in the U.S. House of Representatives and influencing how more than \$675 billion from 100 federal programs are distributed for roads, libraries, schools, hospitals and other vital services. The most accurate count for a community is achieved by members of that community, which is why reaching our hiring goal in the Saratoga County is critical to the success of the 2020 Census.

We are **now** accepting applicants for positions that will start (depending on the applicant's availability) between February and May. **Applicants must apply online at 2020census.gov/jobs.**

- Part-Time and Full-Time Census Takers (\$18.00 per hour plus \$0.58 per mile)
